Case Summary

### Report:

On Sunday, June 14, 2015, Greene County Sheriff's Office Deputies were dispatched to 2103 W. Volunteer Way for a report of two missing females.

This case was involving Claudinnea (aka Dee Dee) A. Blanchard, DOB: 05/03/1967, who was found deceased, and her twenty three year old biological daughter, Gypsy R. Blanchard, DOB: 07/27/1991, who was reported as missing. Several of the neighbors were concerned about the well being of Claudinnea and Gypsy, because of a post on Gypsy's Facebook about how they were both dead. Claudinnea and Gypsy resided at 2103 W. Volunteer Way, Springfield, Missouri.

Claudinnea and Gypsy had not been seen or heard from for approximately two days and the caller, Kimberley Blanchard, DOB: 11/22/1981, a close friend, reported finding Facebook posts from unknown persons stating the two had been both, "raped and murdered." Kimberly arrived at the above residence to find Claudinnea's vehicle, a 2011 Nissan Cube, in the driveway and no one would answer the door. Kimberly said both Claudinnea and Gypsy had several health issues, requiring them both to be wheel chair bound. According to statements made by the neighbors, David Blanchard, DOB: 08/18/1973, Tamara Rose, DOB: 11/04/1975, and Amy Pincgar, DOB: 03/07/1965, Gypsy was very ill with degenerative genetic disorder, unknown what type, and some sort of cancer, unknown what type. They had tried to call Claudinnea's cell phone multiple times, and had not gotten an answer, which they said was unusual. Tamara and Amy confirmed the vehicle, parked in the driveway was Claudinnea's and the only known vehicle they had. None of them could remember seeing either Claudinnea or Gypsy in the last few days.

Several of the local hospitals were checked and Claudinnea and Gypsy were not admitted into any of them. The neighbors stated Gypsy and her mother go to Kansas City Missouri Hospitals for treatment. Phone contact with several of the Kansas City area hospitals were made trying to locate Claudinnea and Gypsy. Neither of them was registered as patients at the Kansas City Hospital's. Attempts were made to make contact with people on Gypsy's Facebook page.

Because of the suspicious messages, only known vehicle in driveway, both were missing, wheel chairs were still at house, "That Bitch is dead," and, "i fucken SLASHED THAT FAT PIG AND RAPED HER SWEET INNOCENT DAUGHTER...HER SCREAM WAS SOOOO FUCKEN LOUD LOL," coming from Facebook from, "Dee Gyp Blanchard," friends and neighbors advised law enforcement this was Claudinnea and Gypsy's Facebook, a search warrant for the residence, 2103 W. Volunteer Way, was sought. After the search warrant was approved it was served by Greene County Sheriff's Office Criminal Investigative Division. Inside the residence under the authority of a search warrant, a female, later identified as Claudinnea Blanchard, was found lying on a bed, in a bedroom, on her stomach with several apparent stab wounds to her back side. Gypsy was not located inside the

Restricted

residence.

Aleah Woodmansee, DOB: 11/13/1992, who had been friends with Gypsy in the past had information she wanted to share. Contact was made with Aleah she had advised deputies about a Nicholas Godejohn, DOB: 05/20/1989, who Gypsy talked about a lot. Aleah had been communicating with Gypsy via Facebook in October of 2014, about Nicholas. In the Facebook messages Gypsy talks about wanting to have a baby with Nicholas and she wanted to name the child Nicholas Paul Godejohn Jr. According to Aleah, the messages Gypsy sent to her, indicated Nicholas had promised her they would get married. Nicholas had been promising to meet her at the premiere of the movie Cinderella in March of 2015. Aleah was unable to remember what Gypsy's name was listed as on Facebook but believed it to be, "Gypsy Rose." She had not talked to Gypsy or visited with Gypsy since October of 2014.

On Monday, June 15, 2015, Gypsy and Nicholas were located at W228 S8755 Cherry Street, Big Bend, Wisconsin. The address and name were located through IP address from the Facebook page posts about the statement, "I FUCKEN SLASHED THAT FAT PIG AND RAPED HER SWEET INNOCENT DAUGHTER...HER SCREAM WAS SOOOO FUCKEN LOUD LOL." The IP address checked back to Nicholas Godejohn at the above mentioned address.

On Monday, June 15, 2015, contact was made with Gypsy and Nicholas in an interview room at the Waukesha County Sheriff's Office, Waukesha, Wisconsin. Sgt. Stan Hancock interviewed Gypsy Blanchard. During the interview, Gypsy disclosed Nicholas had killed her mother because Nicholas and Claudinnea did not get along. Gypsy claimed she had been made to stay in the bathroom at the 2103 W. Volunteer Way address, while Nicholas murdered Claudinnea. Gypsy claimed she was raped and then forced to clean up the residence after Nicholas had killed Claudinnea. Gypsy claimed she had no part in the murder of Claudinnea.

On Tuesday, June 16, 2015, Cpl. Angela Maholy interviewed Nicholas Godejohn in an interview room at the Waukesha County Sheriff's Office, Waukesha, Wisconsin. Nicholas admitted to stabbing Claudinnea in the back with a knife, while she was lying on her stomach, while she had been sleeping in her bedroom. He disclosed about how Gypsy had given him the knife and the gloves and let him in the residence. He admitted the whole idea to kill Claudinnea was Gypsy's idea and he would not have killed her if Gypsy had not asked him to kill her. Nicholas described where several pieces of evidence pertaining to the murder could be located inside his residence located at W228 S8755 Cherry Street, Big Bend, Wisconsin, including the knife he used.

After the interviews were completed a Greene County Sheriff's Office Probable Cause Statement was submitted to the Greene County Prosecutor's Office. The Probable Cause Statement was signed by a Greene County Missouri Judge for Murder in the First Degree and Armed Criminal Action. Gypsy and Nicholas were turned over to the Waukesha County Jail.

On Tuesday, June 16, 2015, Waukesha County Sheriff's Office Criminal Investigations Division conducted a search of the residence located at W228 S8755 Cherry Street, Big Bend, Wisconsin. Several pieces of evidence related to the murder were collected from the residence.

A forensic examination was completed on Nicholas Godejohn and Gypsy Blanchard's cell phone. The examination showed several text messages exchanged between Nicholas and Gypsy just days before leading up to the date of the murder. The examination revealed a video from Gypsy's phone where someone can be seen walking through the residence at 2103 W. Volunteer Way, Springfield, Missouri, and into Claudinnea's bedroom to the bed where Claudinnea slept. Claudinnea was not in the bed during the making of the video when the cell phone was held over the bed. Then with their free hand

pointed toward the head of the bed, the subject then made a stabbing motion toward the bed.

### Discussion

Aleah Woodmanson, Amy's daughter, also came to the scene. Aleah informed me that Gypsy had been communicating to her through a secret Facebook profile her mother didn't know about until October. Aleah was able to find the messages on her phone and allowed me to use the phone to review the messages. Gypsy said in the messages that she had been communicating with another man on the internet. At one point in a message, Gypsy stated that this man was 24 years old, and at another point she stated that she wanted their future son to be named "Nicholas Paul Godejohn Jr." The messages that Gypsy sent to Aleah indicated that this man had promised Gypsy various things, possibly even including stating that they would get married, although they had not met in person at this point. The man had also been sending her sexual text messages since she shared a "funny story" with Aleah that involved this man sending a sexual message to his father by mistake. This man had been promising to meet her at the premiere of the movie "Cinderella" in March. Gypsy had gotten upset with Aleah and wound up blocking her from Facebook. Aleah was unable to remember what Gypsy's name was listed as on Facebook but believed it to be Gypsy Rose. She stated that Gypsy had been using a picture from the Disney animated version of Cinderella as her profile picture.

None of the neighbors seemed to have anything further they could contribute. I collected their contact information and informed them to contact us if they knew of anything else that could help the investigation.

Concerned with the Facebook threats and not being able to locate any information to where the mother and child were contacted Lieutenant Jason Johnson and briefed him of the situation and asked him how he wanted me to proceed. After being briefed Lieutenant Johnson instructed me to have the on-call CID Detective notified and see how they wanted us to proceed. Since Deputy Robertson was the primary officer assisted him with paging the on-call and instructed him to bring him up to speed on what was happening. While waiting for the CID on-call to call instructed Deputy Hughes to collect information from the Charles, Kimberly and the other subjects that were at the residence. Upon Deputy Timothy Haynes the on coming district car arrival had him start on attempts with pinging the available cell phone numbers we could obtain for the mother and daughter and attempt to contact hospitals in the Kansas City Area to see if the mother and daughter had been transported up there. This was because of a note that was found on the front door had a Kansas City Children's Mercy Hospital address marked on it.

A short time later Lieutenant Johnson arrived on scene and took over the scene. After Deputy Robertson and Hughes completed obtaining the information needed for the report, we were released from the scene. Upon returning to headquarters the information was entered into the report by Deputy Hughes and Deputy Robertson contacted records to have the mother and daughter entered as missing in MULES.

Nicholas had been promising to meet her at the premiere of the movie Cinderella in March of 2015. Gypsy had gotten upset with Alicia and blocked her from Facebook. Alicia was unable to remember what Gypsy's name was listed as on Facebook but believed it to be "Gypsy Rose". She had not talked to Gypsy or visited with Gypsy since October of 2014. ## Report:

On June 6, 2015, while in Waukesha County, Wisconsin, assisted Waukesha County Sheriff's Department in serving a search warrant at W 228 S8755 Cherry Street in Big Bend, Wisconsin. This is the residence of Stephanie and Charles Goldammer, their seven year old son, Juana Goldammer and her twenty six year old son, Nicholas Godwin. This is also the residence Gypsy had been located at on June 4, 2015. The purpose of the search was to locate any and all evidence reference the travels to and from Springfield, Missouri, as well as evidence reference the homicide of Claudine Ann Branchard.

Prior to the search, a briefing was conducted in which Greene County Sheriff's Office Detective Sergeant A. Maholy and authorized Waukesha County Sheriff's Department detectives on items which were of interest to us as a result of the processing of the crime scene in Springfield, Missouri, and interviews with Nicholas and Gypsy.

It was agreed, the Waukesha County Sheriff's Department acting under a search warrant issued in their county would collect the evidence, package evidence as collected and turn over all evidence to the Greene County Sheriff's Office at the completion of the investigation in Waukesha County.

The scene was processed and evidence was collected by several Waukesha County Detectives, see their reports (Case #W 564 95) for details reference the processing of the residence, located at W 228 S8755 Cherry Street, Big Bend, Wisconsin.

All evidence collected was secured by Waukesha County Sheriff's Department until June 7, 2015 at which time it was released to Sgt. Maholy and a for transport back to Springfield, Missouri. The evidence remained in the transport vehicle at all times and at no time was the evidence left unsecured.

The evidence was removed from the transport vehicle on June 7, 2015 and secured at the Greene County Sheriff's Office, once arriving in Springfield, Missouri.

Interview with Charles Goldammer

### Report

I made contact with Charles Goldammer (DOB [REDACTED] 04/27/79) and asked him if he minded me contacting him to get new information with me. The interview took place at the Waukesha County Sheriff's Department. The interview was a one-on-one interview. Evidence of Charles is the step father to Nicholas Goldammer. He is living in the apartment on a transient basis. The interview was a summary of the interview.

Charles stated Nicholas told him and his mother, Stephanie Goldammer, he was going to Milwaukee. He wanted to go get a job and bring her back to Wisconsin because a job had been kicked out of her residence and was living in a home as shelter. He did not know Nicholas having any type of drug or alcohol problem. Nicholas attended and a student. Benefits and he used to work for Little Caesar's Pizza in Wisconsin. However he quit the job because he was not allowed to take a break every hour. He said Nicholas was not a party type person. He was a student and had Aspergers. Nicholas was not close to anyone and he had no friends.

Nicholas had received some money from a young man named Charles. Charles did not know the man. In his money he had received money from her but he said it was around a few hundred dollars. He knew this because he serves the cash. Nicholas had a car on June 9, 2015. Nicholas had called a taxi cab to pick him up at his residence in Waukesha and took him to the university bus station. This is called and to Charles he was in Spring and Missouri. This was on June 9, 2015. He could not remember the exact time but he knew it was late at night.

The statement of Charles said he talked to a woman when she had come downstairs to make some medication and a person. The conversation was very short and he asked about how the man made her feel. In the conversation Charles had a feeling how her mother looked mad and this is why she did not want to talk to him. There was a conversation between the two of them. Charles said he was talking to her because he was wearing a black shirt with some text on it. Charles was the type of person walking up and down the stairs in his house and she never needed any status of help in doing anything. They were constantly having sex and Charles had to tell them to be quiet.

He remembered receiving a package in the mail. The mail is delivered to her residence with Nicholas's name on it. The package was delivered in the morning. The package was put on the kitchen table. He said the package was a package delivered from him. Charles said he could not remember much about the package but it was a package. He said he was a student and he was a student and he was a student and he was a student. Charles said Nicholas plays a lot of video games and keeps to himself.

was contacted by Megan Pack via phone call about some Facebook information which she thought might be important involving Gypsy. Pack stated she was a staff writer for a magazine called Creepy Catalog, which was based out of St. Louis, Missouri. Pack stated she had anonymous sources sending her articles and comments about Gypsy from Facebook. The Facebook picture depicted Gypsy wearing a red and black outfit holding a knife to her mouth. Wai Mart video

### Report

I made contact with Mike Platen (DOB: 06/23/1980), who was an assets protection manager for the Wai Mart store located at 2825 N. Kansas Expressway, Springfield, Missouri. I made contact with Mike and advised him of the reason for me contacting him. I verified with Mike the Wai Mart store did sell Kevin Van Dam (KVD) knives. I requested video from Mike from the fighting aisle, which is where the KVD knives were located at for sale. Mike stated because of the large amount of video I had requested, I would take some time to copy the video and he would notify me when it was completed. Mike stated he did have some sales of the KVD knife, however after reviewing the video's from the stores which sold the KVD knife, it was evident it was not Gypsy or Nicholas in the video's. The videos were dated May 29, 2015, @ 1:54 hours, and the other video was dated June 2015, unknown time frame on this one.

On July 9, 2015 I received notification from Mike about the video's being ready. I obtained the videos and began to review them to try and locate Gypsy or Nicholas purchasing a KVD knife, which was the same brand of knife used to kill C. Guadalupe. I was unable to determine the date and name because the video did not display his information. I did not observe anyone whom I could identify as Gypsy or Nicholas in the videos. Mike signed a business record affidavit. The business record affidavit was put with the case.

## Report:

I received an e-mail from walmart.com investigator Ricardo D. In reference to his findings about the sales of the KVD knife I reviewed the e-mail and did not observe any KVD knife being shipped or ordered by Gypsy or under any other aliases, nor was there any record of Nicholas ordering the knife. There were no addresses showing a KVD knife being sent to Missouri. There was one KVD knife sold to Beth Kuevelo at 56 Woodside Avenue #200. WI I made phone contact (920-748-3255) with Beth who stated she purchased the knife from walmart.com through the internet. She stated she did not know Gypsy or Nicholas, nor was she associated with them. The e-mail was scanned into NICHF.

### Remarks

Waukesha County jail phone calls Gypsy

### Report:

I received a DVD of Gypsy Blanchard's phone conversation from Waukesha County Sheriff's Department, Waukesha, Wisconsin. While she was incarcerated in their facility, the DVD was logged into evidence.

I reviewed the conversations Gypsy had with her family. When Gypsy would speak to her family she would call them by their relative relationship such as aunt, uncle, etc. She told her family she could not talk about what had happened, per her attorney's hearing. Gypsy called the female she was talking to, "Aunt Cheryl." Phone number 913-755-4411. Gypsy spoke of how she was innocent and she just messed up with someone very awful. Gypsy told, "Aunt Cheryl," she wanted to live with her family in Louisiana when she gets released. This call was placed on June 21, 2015.

Gypsy placed a phone call to phone number 985-258-4644 on June 22, 2015. Gypsy was talking to a female she called, "Christy." She told Christy she could not talk about what happened. Gypsy told Christy to tell her dad she was innocent and he wanted to know if her dad still loved her. Gypsy told Christy the things which had been said on the news media were not true. Gypsy asked Christy if she got out of jail, could she come and live with her.

Gypsy placed a phone call to phone number 985-258-4644 on June 23, 2015. Gypsy started talking to Christy and their dialogue on the phone was she called, "Uncle." During the investigation it was discovered that this name was Gypsy's biological dad. Gypsy told her dad to know about what was going on and if Gypsy knew when she was going to be extradited to Springfield, Missouri. Gypsy's dad told her he cared and loved her but he was confused and he had a lot of questions. Gypsy would not talk about the case with her dad. Gypsy asked about how she wanted to build a relationship with her dad and she told him she wanted him to know she was innocent.

A phone call was placed to phone number 414-881-4411 on June 24, 2015. When the call was reviewed, the female's voice did not sound like Christy's voice. It was the voice of an unknown female who was asking to be taken home and about trying to get booked out of the Waukesha County Sheriff's Office jail.

There was nothing else of evidentiary value in the DVD pertaining to the homicide.

### Remarks:

Search warrant DNA from Gypsy Blanchard

### Report:

On July 7 2015 I applied for a search warrant for a DNA (saliva/blood) sample from Gypsy Blanchard. The search warrant was granted and signed by the Honorable Greene County Judge Jones. I made contact with Gypsy Blanchard at the Greene County Jail and advised her of the reason for me contacting her. I presented Gypsy with a copy of the Greene County Search Warrant and told her we would be collecting a sample of her saliva and blood under the authority of the search warrant.

I collected a sample of her saliva from her left cheek first. I introduced the swab into her mouth and began scraping the left side of the inside of her cheek. I counted to sixty seconds, removed the swab and put it on the outside of the cardboard swab container to dry. I removed the gloves and placed them into a bag to be logged into evidence. I repeated the same process with fresh gloves on my hand to the inside of her right cheek. All the trash was placed into the bag and logged into evidence. The swabs after they were dried were also logged into evidence.

Nurse L. LEAN LPTN with the Greene County Usaco Center Correctional Facility collected three vials of blood from Gypsy. All three vials were handed over to me and they were logged into evidence. The search warrant return was returned on July 7 2015.

Search warrant DNA Nicholas

### Report:

On July 9, 2015, I applied for a search warrant for a DNA (saliva/blood) sample from Nicholas Godejohn. The search warrant was granted and signed by the Honorable Judge Cordona. I made contact with Nicholas at the Greene County Jail and advised him of the reason for me contacting him. I presented Nicholas with a copy of the Greene County Search Warrant and told him we would be collecting a sample of his saliva and blood under the authority of the search warrant.

I collected a sample of his saliva from his left cheek first. I introduced the swab into his mouth and began scraping the soft side of the inside of his cheek. This amounted to sixty seconds, removed the swab and put it on the inside of the cardboard swab container to dry. I removed the gloves and placed them into a bag to be logged into evidence. I repeated the same process with fresh gloves on my hand to the inside of his right cheek. After the swab was placed into the bag and logged into evidence. The swabs after they were dried were also logged into evidence.

Nurse L PNA Brown with the Greene County Justice Center Correctional Facility collected three vials of blood from Nicholas. A three vials were handed over to me and they were logged into evidence. The search warrant return was returned on July 9, 2015.

To take photographs I collected the knife from the Missouri State Highway Patrol Laboratory and returned to the Greene County Sheriff's Office evidence processing room.

put down fresh butcher block paper and started to open the box. I put gloves on and opened up the box to retrieve the knife. Once the knife was out from the box I removed the black in color sheath and began taking photographs of the KVD knife without the sheath. After I took my photographs I then repackaged the knife and returned it to the Missouri State Highway Patrol Laboratory. I logged the gloves, zip tie and the butcher block paper into evidence as crime scene trash.

Hand written statement from Gypsy from the jail about marijuana found

## Report

On July 14, 2015 I was contacted by Lieutenant Marty Mahy about a witness statement Gypsy Branchard filed out while she was housed in tower two at the Greene County Justice Center. Lt. Mahy stated he wanted to give me a copy of the statement. I collected a copy of the statement from Lt. Mahy and it was put with the case.

I read the statement Gypsy wrote to Greene County Sheriff's Office Corrections Officer M. Adkins. The statement said Gypsy observed inmate Ananda Flores using the toilet when she heard what sounded like a plastic bag crunching. She observed Flores put the bag in her vagina. When Gypsy asked Flores what was in the bag, Flores did not tell her and Gypsy observed Flores trade another inmate. Gypsy did not know the name of the other inmate she traded commissary with. What she observed to be marijuana for some commissary. The next day Gypsy told a corrections officer about what she had observed.

Interview with Amanda Flores

## Report

received an inmate to staff request from inmate Amanda Flores DOB 07-04-1986 who was incarcerated in Greene County Jail on 11 charges Flores stated she had information about the homicide Gypsy was involved in made contact with Flores and escorted her to an interview room. The interview was video recorded and logged into evidence. The following is not intended to be a transcript but a summation of the interview.

Flores said she wanted "immunity" for information she heard Gypsy say when she was housed in the same cell with her. Flores could not help her out with her case and could not promise her anything. Flores said she was not a smart person, knows a lot about Gypsy's case. Flores said Gypsy was "creaky smart" and she does not want to see Gypsy get away with "it" referring to the murder. Flores continued to tell me she did not want to give information which being helped in some way. Flores stated before Gypsy came to her, she reported Gypsy. Flores asked Gypsy "do you have 'sought Nicholas out'" referring to Gypsy seeking Nicholas out to kill her mother. Gypsy told Flores, "I probably did."

Flores began to tell me some things Gypsy had told her about the murder. She mentioned how Nicholas had a cut in his finger from stabbing a "white female" Flores named Gypsy who he cleaned up the "wound from his head." He "battered" using "hairpins, paper and wipes." During my interview with Gypsy she told me several times she did not go to her mother's room after she was dead. Gypsy told Flores "it was all up, pretty good." Flores said Gypsy was a "junkie" about "marijuana" and her "stuffed animal." He Flores could not remember what Nicholas stabbed anyone. Flores stated to use one of Flores's friends to pass a note to Nicholas and "told me" she got upset with Gypsy and told her she was not going to use her friends to pass notes. Flores admitted to me Gypsy had a "problem" for having a residence and a mother in Maryland, but Flores said this was not the reason she was talking to me.

Flores gave me two other inmates' names Markayia Lutz DOB 07-01-1984 and Maria Rodriguez DOB 06-01-1988, who she said wanted to talk to me. Flores said Gypsy's attorney was Linda Lutz to "get Gypsy's army." Flores mentioned before Gypsy had told her on more than one occasion, while they were housed in the same cell together, "I am going to get away with this" referring to the murder. Gypsy told Flores what Nicholas was saying and she said she said "I am going to get away with this." Flores said Gypsy told her Nicholas was saying "You are going to be dead if this happens" while he was talking to her. Flores said Gypsy started talking to the "white" girl to her, Lutz and Rodriguez about how she put the knife in Nicholas's back and a him to go kill her mother. Flores said the Gypsy told her she turned the animal over to her, "a white female" to preserve her mother's body and she picked up the blood-soaked robe from the bed and "put it in the trash." Then he went out and told me his "best friend" or he was dead and took five thousand dollars out of a drawer from a table beside of mother's bed. Flores said the money was in a zipper type bag.

1. The first thing I noticed when I stepped out of the plane was the cold. It was a sharp contrast to the warm, humid air of the tropics. I had heard that the weather in the north was harsh, but I didn't realize how cold it would be. The wind was biting, and the snow was falling in soft, silent flakes. I pulled my coat tighter around me and shivered. The ground beneath my feet was a mix of dirt and ice, slippery and uneven. I took a deep breath, trying to steady myself. The air tasted different here, crisper and cleaner. I had come to a new world, one that was both beautiful and terrifying. I had to find my way, no matter what. I looked up at the sky, where a few stars were beginning to appear. The night was young, and I was just getting started.

Stephanie said she often referred to Gypsy as the "beast" when talking to her friends about Nicholas and Gypsy's relationship.

Stephane said when Nicholas told her he wanted to go to Missouri to see Gypsy, she was concerned for his well-being, as he had never driven there before. Interview with Ricky Godejohn, Nicholas Godejohn's cousin

## Report

On June 14<sup>th</sup> 2015 while assisting with a case involving the death of a 3-year-old child, I conducted an interview with a female individual. I learned that Nicholas Godejohn's best friend was his cousin, Ricky Godejohn. Shepher provided me with a contact number for Ricky Godejohn (44-336-8157).

I attempted to contact Ricky Godejohn several times, leaving messages each time. On June 30<sup>th</sup> 2015, I received a phone call from Tina Godejohn, who informed me she advised she was Ricky's mother and guardian, as Ricky has severe Autism. I asked Tina if she would allow for me to speak with Ricky and she stated she would have him call me after he got off work.

On June 30<sup>th</sup> 2015 at 5:55 hours, I received a call from Tina and Ricky Godejohn. The following information was acquired: Ricky is never in school, Tina has shown Ricky pictures of Gypsy Cypsy sent Nicholas a video of herself which Ricky is never allowed on Nicholas's hard drive. Nicholas told Ricky that Gypsy would send him pictures from various sources, so she could take pictures of him wearing the lingerie and then send the pictures to Nicholas. Nicholas never spoke to Ricky about any prior contact with Blanchard and he never mentioned the killing to Ricky after he was arrested.

Nothing further was gathered during the phone interview. Both Tina and Ricky were encouraged to contact the Greene County Sheriff's Office if they had anything further to add.

2009 C. D. /GCSO case with Blanchards

## Report

On June 8<sup>th</sup> 2015, I was assigned to contact Jessica Clayton, an employee of the Child Advocacy Center located at 2331 W. Volunteer Way, Springfield, Missouri. I made phone contact with Clayton. She advised she had read about the Blanchard case and she remembered assisting with a call involving the same child and Casey Blanchard in 2009 when she was employed with the Missouri Division of Social Services-Children's Division (C.D.).

Clayton recalled being asked to assist another investigator with a hotline they received at 2331 W. Volunteer Way, Springfield, Missouri, as to the child in 2009. Clayton advised Greene County deputies responded with them to this location. Clayton reported the Missouri Child Abuse Hotline they received stated Cypsy was reported to be 8 years old, but was actually older than that. No allegations included crimes. Cypsy being a victim of Munchausen by proxy at the hands of her mother. Clayton stated the allegation stated it was believed Claudine was using Cypsy to get funds and was believing they were actually victims of Hurricane Katrina, as they tried everyone.

Clayton advised C.D. was unable to locate a Social Security card, birth certificate or any medical records showing Cypsy's age or medical conditions. Clayton stated she was not the primary investigator in this case, but some information was being used as unsubstantiated, as they were unable to prove any of the allegations being made. Clayton reported she had contacted Heather Ford, who is the Manager of the Greene County C.D. office and requested Ford attempt to locate the C.D. report for this incident.

Clayton contacted Ford by phone, who advised the C.D. report had already been purged from their system as it is 2 years past that all information reported and expunged and retained in their system after five years has expired. Ford asked Clayton for a request for information regarding this investigation and he would have the provided information needed to see if any reports or information still existed that she could provide for this incident.

A check of the Greene County Sheriff's Office records database showed a report was entered on October 26<sup>th</sup> 2009 by Deputy C. C. Smith at 7:49. The report listed Cypsy Blanchard as the victim, stating her date of birth as 7/7/99. The report listed Claudine P. Blanchard as the suspect. The date of occurrence in the report was listed as 2/11/09. The location was Volunteer Way, Springfield, Missouri. The narrative of the report read as follows:

"On 10/26/09, I was dispatched to 2331 W. Volunteer Way (a location in Greene County MO) to meet with D'S and speak with an individual regarding a child at that location.

Arrived at scene and made contact with D'S. She works for Jessica Clayton and Mariana Sorensen.

Someone who told me that there is a child born to a Gypsy Rose Blanchard, residing at the address with her mother Claudine Blanchard. D'S advised that Claudine claims her daughter is paralyzed from the waist down, has MS, cancer and other medical issues. According to me, the phone call to John's Hospital contacted D'S and informed her that a doctor has checked the Gypsy and her alleged medical issues that Claudine claims Gypsy has. According to D'S and the phone call, a doctor could not find any symptoms that would support what Claudine alleges is wrong with her daughter.

According to the husband, Claudine provided different personal information on Gypsy. Due to the inconsistent birth dates and lack of medical diagnoses, D'S wanted Gypsy checked in to ensure she was not an endangered runaway or missing person. They also wanted to ensure that Claudine was the biological mother to Gypsy.

D'S and I made contact with Claudine and Gypsy and spoke to them about the situation. Claudine stated they are from Louisiana and left there during hurricane Katrina and came to the Springfield, Missouri area. When confronted about all the inconsistent information that she had provided to the hospital, Claudine stated she didn't know why the birth dates and personal information were wrong.

After further investigation, it was found that Claudine had a bad marriage and got a divorce. Due to her fear of her ex-husband, Claudine had changed her daughter's information at the hospital, so that her ex-husband would not be able to find her.

Claudine and Gypsy were checked through M.I.S. and NCIC with negative results. Claudine was positively identified by her Missouri driver's license and Gypsy was positively identified by a Social Security Card provided to me by her mother. It was further determined that Gypsy was 8 years of age and does suffer from some type of mental handicap. While on site, it was apparent that Gypsy is being attended to reference her personal and physical needs.

D'S and I cleared the scene without further incident.

On January 4, 2016, at approximately 0400 hours, I conducted a proffer with James Crippen at the Federal Courthouse Springfield, Missouri. Mr. Crippen's attorney was present as well as AUSA Abe McClellan. The proffer concluded at approximately 1128 hours.

A brief non-verbatim synopsis of the interview is below.

I began the interview by asking Crippen what he wished to discuss. He stated he had information regarding a couple of different people. I asked him to talk about each of them separately and he agreed.

Crippen provided information regarding five separate individuals, which are detailed in separate supplements to protect the integrity of the different investigations.

Crippen first began speaking about Nicholas Goddard. He advised that Goddard is a "Red Mate" of his and who they attend "Rec Time" together in the "Rec Yard" at the Greene County Jail.

Crippen stated Goddard began talking about his friend, identified only as, "Gypsy". Crippen reported he told Goddard that he, Goddard and Gypsy must not say anything about each other. He said Goddard began confiding in him (Crippen) sometime around Thanksgiving and in total, Crippen believed they had three or four conversations about the murder. The last conversation they had regarding this incident was approximately two weeks ago.

Goddard said he met Gypsy on the internet but he did not know how or where on the internet they met. He said at some point, the two decided to meet. Goddard reportedly said Crippen, the decision was made for Goddard to travel to the Springfield, Mo. area where he would have to kill Gypsy's mother so that Gypsy could leave the area with him (Goddard). Crippen said Goddard told him the initial plan after killing Gypsy's mother was for Goddard and Gypsy to travel to Louisiana to stay with family. Crippen believed Gypsy has family in that area but Crippen wasn't positive.

Crippen did not know when Goddard arrived in the Springfield area or exactly where Goddard was from. He also did not know how soon after arriving the murder occurred. Crippen said Goddard began talking about what it was like to kill Gypsy's mother. Goddard said it made him feel good as he was stabbing her and said he would do it again. He needed for Gypsy.

Goddard told Crippen, Gypsy's mother kept fighting him, as he was repeatedly stabbing her and he repeatedly kept telling her to stop fighting. Crippen wasn't positive of the exact words Goddard used but it was something like "damn is calling to you, stop fighting."

Crippen said the two would talk while walking up together in the "Rec Yard" asked why they stopped talking Mr Crippen said it was because Mr Godejohn was transferred to solitary confinement for writing on the walls in the "Rec Yard" Godejohn was reportedly trying to write messages to Gypsy who also uses the "Rec Yard"

I asked Crippen what the purpose of providing this information is and he said he was hoping to use it to help form a case situation I asked if he had anything else to add regarding Mr Godejohn He said not that he could think of

After completing the interview I searched case law for "Godejohn" in Greene County I found one case filed on a Nicholas P Godejohn with a date of birth of 09/09/1990 the case was filed on 06/09/15 with a count of murder 1st degree and one count of armed criminal action The court case number was idealized as SJ-CRCL590-01

interview with William Osborne

**Report**

On June 14th, 2015, I was assigned to make contact with William Osborne. DOB: 9/3/23/1971. I made phone contact with William who stated he would like to meet with me at the McDonald's located at 3320 E. Battelstein Road, Springfield, Missouri. William told me he was a member of a Star Wars club called MCIS and Gypsy was a member of the Star Wars 501st club. William told me he knew Gypsy and he wanted to talk to me in person. I made personal contact with William at McDonald's at the address mentioned previously.

William stated he was concerned about Gypsy's well being and if her wheelchair was at her residence then he feared something horrible happened to her. William said he contacted several of the MCIS and 501st club members and none of the members knew the whereabouts of Gypsy and they were all concerned for her well being.

William was unable to give any other pertinent information about the whereabouts of Gypsy and he told me he wanted to help in any way he could. I gave William a business card with my phone number and to call me if he discovered any other information.

Incident:	Homicide	Agency Case #:	03540-15
Investigating Officer:	Stan Hancock	Date of Incident:	08/10/2015
Subjects Involved:	Blanchard, Claudineau - victim Godejohn, Nicholas P. - suspect Blanchard, Gypsy - suspect	County of Incident:	Greene

Item 1.1 Swabs of where Red Part of Handle meets Black Part of Handle (Z15003318)

Analysis Result: A DNA profile was developed and is characteristic of being a mixture of three individuals. Claudineau Blanchard, Gypsy Blanchard, and Nicholas Godejohn cannot be eliminated as contributors to the mixture.

The observed mixture profile is 59.88 quadrillion times (in the Caucasian population) and 6.12 quintillion times (in the Black population) more likely to occur under the scenario that it originated from a mixture of DNA from Claudineau Blanchard, Gypsy Blanchard, and Nicholas Godejohn as opposed to the scenario that the mixture originated from a mixture of DNA from three unknown, unrelated individuals. These statistics are based on 9 of 13 possible loci.

Item 14.1 Swab from sink (Z15003075)

Analysis Result: A DNA profile was developed and is characteristic of being a mixture of three individuals. Claudineau Blanchard, Gypsy Blanchard, and Nicholas Godejohn cannot be eliminated as contributors to the mixture.

The observed mixture profile is 475.7 quintillion times (in the Caucasian population) and 8.084 septillion times (in the Black population) more likely to occur under the scenario that it originated from a mixture of DNA from Claudineau Blanchard, Gypsy Blanchard, and Nicholas Godejohn as opposed to the scenario that the mixture originated from a mixture of DNA from three unknown, unrelated individuals. These statistics are based on 11 of 13 possible loci.

The DNA profiles were developed using the Polymerase Chain Reaction (PCR) at Promega's PowerPlex 16 genetic loci.

Exams are complete and the evidence is available for pick-up.

Other statistical calculations are available upon request.
